

FATHIMA SAFIYA

ASPIRING FULL STACK DEVELOPER

Ibbagamuwa, Kurunegala | fathima.safiya.tech@gmail.com | 070 517 8558

[GitHub](#) | [Portfolio](#) | [LinkedIn](#)

PROFILE SUMMARY

IT undergraduate with hands-on experience in React, TypeScript, PHP, Java, MySQL, and Firebase and a strong foundation in full-stack web development. Experienced in building practical web applications with database integration, authentication, responsive interfaces, and real-world functionality. Seeking a Full Stack Developer / Software Developer internship to apply and strengthen technical skills through real-world projects.

EDUCATION

Higher National Diploma in Information Technology SLIATE – Kurunegala | 2024 – Present

G.C.E. Advanced Level – Arts Stream Madige Muslim Maha Vidyalaya | 2022/2023

PROJECTS

Hall Booking and Management System

React | TypeScript | Tailwind CSS | Firebase | PayHere

- Built a hall booking system with real-time availability and booking management.
- Implemented booking locks to reduce double bookings and integrated PayHere for advance payments.
- Used Firebase Authentication and Firestore for secure user access and data management.

University Lost and Found System

PHP | MySQL | HTML | CSS | JavaScript

- Developed a system for reporting, searching, and managing lost and found items.
- Implemented MySQL-based data management with a user-friendly interface.

Kurunegala Civic Platform

React | PHP | MySQL | Tailwind CSS

- Built a civic reporting platform for submitting and tracking local issues.
- Developed administrative dashboards with authentication and role-based access control.
